

Promise

A highly comprehensive protection plan assured by Johnson & Johnson, a global leader in Healthcare with over 130 years of experience¹

ONLY WITH MENTOR® BREAST IMPLANTS

Before your surgery, we are here for you to answer your questions, and most importantly, we are here for you after your procedure, with a long term commitment to your well-being.

Whether you've decided to look or feel better, knowing your surgeon has selected high-quality implants can offer you peace of mind² with your decision long after your surgery.

* In the event of a confirmed rupture or deflation (leaking) of any MENTOR® Breast Implant due to wear or delamination requiring surgical intervention, regardless of the age of the implant, Mentor will provide a free replacement of a MENTOR® Breast Implant of any size in the same or similar style as the originally implanted product.

† When a replacement surgery of a MENTOR® Gel-Filled Breast Implant is required due to confirmed rupture occurs within ten (10) years from the date of implantation, provided that eligibility is proven and confirmed by Mentor based on its assessment and evaluation, Mentor will pay uninsured, out-of-pocket costs for operating room, anesthesia and/or surgical expenses directly related to revision surgery up to a maximum aggregate amount of €1000. Operating room and anesthesia charges shall be given payment priority. In such cases, the request for financial assistance under the MentorPromise Protection Plan must be made to your surgeon. Financial assistance does not imply a loan to you.

‡ In the events of capsular contracture (Baker III/IV), double capsule or late-stage seroma in augmentation surgery of a MENTOR® Gel-Filled Breast Implant, Mentor will provide a replacement of a MENTOR® Gel-Filled Breast Implant, free of charge for the period of ten (10) years from the date of implantation, provided that eligibility is proven and confirmed by Mentor based on its evaluation of explanted product and assessment of all required documentation. Mentor will provide a replacement MENTOR® Product of any size in the same or similar style as the originally implanted product.

^Δ Applicable to all MENTOR® Breast Implants, as of December 2002 (In primary Augmentation and Reconstruction).

IMPORTANT SAFETY INFORMATION

The MENTOR® Collection of Breast Implants are indicated for breast reconstruction and breast augmentation - in women who are at least 18 years old for MENTOR® MemoryGel® Breast Implants, MENTOR® CPG™ Breast Implants, or MENTOR® Saline Breast Implants.

Breast implant surgery should not be performed in women:

- With active infection anywhere in their body
- With existing cancer or pre-cancer of their breast who have not received adequate treatment for those conditions
- Who are currently pregnant or nursing

Safety and effectiveness have not been established in patients with autoimmune diseases
